

Mental Health & Wellbeing Policy

Introduction

This Policy is part of the Health & Wellbeing Framework which is made up of a number of elements which together encompass all formal policy, procedure and statement documents, including associated forms, relating to health & wellbeing in Devcon Limited.

Purpose and Scope

This policy applies to all employees. Devcon Limited is committed to achieving a healthy workforce by placing value on both physical and mental health. Devcon Limited also recognises that mental health issues can be triggered by excessive levels of work related stress and it is Devcon Limited's duty of care to take measures as reasonably practicable to preserve the mental health and well-being of its employees whilst at work. Devcon Limited recognises the importance of ensuring that all employees are able to work in a supportive, professional and caring environment, where they are valued and respected. By applying these values to our work practices we aim to promote mental wellbeing and prevent stress by promoting a supportive work place culture. The concept of positive mental health and well-being implies a state of health characterised by emotional and spiritual resilience that allows us to enjoy life and to survive pain, disappointment and sadness.

Mental health problems can be triggered by stress arising from the workplace or outside world; mental wellbeing at work is determined by the interaction between the working environment, the nature of the work and the individual. Devcon Limited promotes a comprehensive approach to tackling mental health issues arising from the workplace or personal circumstances by addressing prevention, management and support.

This policy requires a shared understanding between employees and managers that mental ill health can be a legitimate health issue in the workplace. Employees experiencing difficulties that could lead to them experiencing mental ill health should be encouraged to seek help and support. Employees have a duty to themselves and others to help minimise mental ill health in the workplace and should take an active part in mental well-being management initiatives. This policy should be read in conjunction with Devcon Limited's other policies and procedures. Devcon Limited will identify and detail the factors which may cause increased stress in the workplace by Risk Assessment.
